FORD TRIAL IS TO RESUME MONDAY

At That Time "Special" Holidays Will Be Proclaimed By Governor Instead of Regular

OLIVER GRAND JURY IS TO BE DISCHARGED

Report Will Be Comparatively Brief, Covering About 5000 Words — New Inquisitorial Body to Be Impaneled Soon.

Special to Republican.
SAN FRANCISCO, Nov. 25.—The grand prosecution does not share in the misgivings left regarding the special holiday enactment and is content to proceed with the trials. In some quarters it is feared that verdicts returned during the holidays that the Governor will declare beginning December 2nd, might be nullified by the Supreme court, but the prosecutors do not believe that there is cause for alarm.

Francis J. Heney is taking a brief rest, but his assistant, Charles W. Cobb, to whom is entrusted many of the legal complexities, declares that the prosecution is perfectly willing to go ahead and does not fear any misgivings of the administration of the law arising from the special holiday enactment. "We are eager to proceed," said Cobb, "and as soon as it can be arranged in the courts two trials will be going on at once."

The Ford jury is still quartered at the Fairmont awaiting the resumption of the trial that was near a close. Its memory is in all probability dulled to some extent as to the evidence produced before it, but if it so desires it can have the testimony read to it. It is probable that it will wish to go over the salient points in the case in this manner.

By Associated Press.
SAN FRANCISCO, Nov. 25.—With the enactment by the legislature of laws that create "special holidays" and empower the courts to be open and transact business on such days, interest in the bribery graft prosecutions has been revived. The new law goes into effect on Wednesday at midnight, and it was the intention of the prosecution to take up the case of T. E. Ford, general counsel for the United Railroads, brought to a sudden stop by the declaration of the holidays, Friday morning. In view of the fact, however, that Governor Gillett has announced he will not begin declaring special "holidays" on which the courts can open, until next Monday, Assistant District Attorney Francis J. Heney stated today that in all probability the Ford case will not be resumed until then.

Mr. Heney held a long conference with Superior Judge Luvisor this afternoon, at which the new law was discussed. The assistant district attorney stated that even should the law empowering the Governor to proclaim "special holidays" be declared unconstitutional by the supreme court, it would in no way affect the prosecution or conviction of a case on such days.

"Should the law be declared unconstitutional and the Governor have no right to proclaim special holidays, then there was no holiday and the courts had a right to go ahead with their business," said the assistant district attorney. "We are not concerned about that and are only anxious to resume the prosecution of the many cases before us."

The Oliver grand jury impaneled on November 9th of last year, which for work accomplished, number of witnesses examined and indelicate returned was one of the most remarkable inquisitorial bodies ever called together in a municipal investigation, will finish its labors this week and be discharged early next week.

H. P. Oliver, foreman of the grand jury, is preparing his report, which will be submitted to that body for adoption at its next meeting. Considering the vast amount of work accomplished, the report will be comparatively brief, containing perhaps, not more than 5,000 words. Foreman Oliver in his report will take up the conditions in San Francisco as found by the grand jury over which he presided, and briefly outline its work during the year of its existence.

It is understood that a new inquisitorial body will at once be impaneled.

Quite Navy To Be Singer.

NEW YORK, Nov. 25.—Henry McCrea, son of Captain McCrea, one of the best known of American naval officers, now in command of the battleship Georgia, has resigned from the navy, in which he held a commission as paymaster, to go on the stage.

McCrea has been recently attached to the cruiser Philadelphia. He will join a musical comedy company now playing in New York as a member of the chorus and hopes to be able to work up to a position of consequence in the theatrical profession.

NEW YORK, Nov. 25.—Former Supreme Justice Alfred Strecker, who was injured in an automobile accident near Englewood, N. J., November 16th, has been removed from the Englewood hospital to his home in this city. It is now feared that Justice Strecker received internal injuries in the accident and his condition is still serious.

Joseph H. Eckstein was killed in the accident and Mrs. Strecker died a few days later of her injuries. Mrs. Eckstein, who was also injured, has been brought to her home here. She is on the road to recovery.

PREPARE TO SEND THE BATTLESHIPS AROUND THE WORLD

WASHINGTON, Nov. 25.—It was stated at the navy department today that a navy supply of coal would be sent to Honolulu and to Manila for use in the event that any or all of the vessels of the battleship fleet should come home by way of Asia and the Suez canal after their trip to San Francisco. Any additional supplies needed to fill the ship's bunkers can be purchased en route. If the vessels return the way they go to the Pacific coast, contracts will be entered into for all the coal needed for delivery at various points en route, as has been provided for on the outward trip. No decision has been reached as to what route will be taken home and none is expected for some time. The extra supplies sent to Honolulu and Manila are taken merely as a matter of precaution.

EXPERT DECLARES WOMAN WAS INSANE

Mrs. Bradley Abnormal, Says Specialist, Who Instanced Her Position in Political Club

WASHINGTON, Nov. 25.—That Mrs. Annie M. Bradley was insane at the time she shot former Senator Brown of Utah in this city on December 8th past was the opinion of Dr. William Barton of the medical department of Georgetown university, and a specialist in nervous disease, expressed at the trial of Mrs. Bradley today. Dr. Barton's testimony followed the reading to him of a hypothetical question of 13,000 words, covering the history of Mrs. Bradley's relations with Senator Brown from the day she met him to the day of the tragedy.

Dr. Barton diagnosed Mrs. Bradley's ailment as being "puerperal insanity," caused by what he described as the continued assaults upon her nervous system due to the abortions which had been performed on her. In explaining why he looked upon her as an abnormal woman, he said she was interested in things that usually do not attract women and instanced the fact that she was secretary of a political club as an instance of abnormality. Dr. Barton was on the stand practically the entire day and was subjected to a severe examination by the "attorney" killed by the government's insanity experts, Dr. Smith Ely Jelliffe of New York and Dr. Edward S. Brush of Baltimore. Dr. Barton proved to be a good witness for the defense. His testimony showed his conclusions as to Mrs. Bradley's insanity were unshaken by the examination.

The defendant came into court today, looking pale and haggard, evidently in anticipation that after all the question of her sanity or insanity at the time of the commission of the act was the paramount issue in the case. While today she shed no tears, she frequently bowed her head and closed her eyes for long periods, apparently oblivious to all that was going on around her. When the session of the day was over her face had a distinct expression of sadness.

Dr. Brittan D. Evans, medical director of the New Jersey State hospital for the insane, will go on the stand tomorrow, and later Dr. Charles D. Hill of Baltimore, medical officer of the Mount Hope Retreat and St. Joseph's Sanitarium of that city, will be called. They will both testify for the defense. For the prosecution Dr. Smith Ely Jelliffe of New York and Dr. Edward S. Brush of Baltimore will give testimony later. Dr. Evans and Dr. Jelliffe acted for the defense in the "Phase" case, but they are on opposite sides in the Bradley case.

REQUIRE STATIONS ON STATE BORDER

Railroads No Longer to Have Chance to Beat 2-Cent Laws on Interstate Business.

GUTHRIE, Okla., Nov. 25.—An order will be issued tomorrow requiring all Oklahoma railroads doing an interstate business to build stations at the interstate line at points intersected by the various routes; is the announcement of the corporation commission tonight.

The importance of the departure is obvious. Under the present schedule the interstate passenger rate is three cents, in spite of the fact that in many of the States traversed the maximum rate is the same as in Oklahoma, 2 cents. Unable to change the schedule, the corporation commissioners resorted to the state line depot plan as the only solution of the proposition.

At these intersections the order requires the erection of a substantial depot where passengers shall be allowed to buy tickets at the local rates and re-check their baggage. As it is under the present regime a passenger from Oklahoma to Kansas, Arkansas or Texas points must pay the old rate despite the existence of the reduced schedule in each of the four states. Tourists have been buying tickets to the town nearest the state line and then paying their fares on the train to their destination in the adjoining state where the legislature has provided for the 2 cent basis. It is expected that the ruling of the department will do away with this procedure.

THIRTEEN DIE IN BURNING BUILDING

New York Tenement Was Blazing Tomb of Italian Roomers in Four Story Structure.

REVENGE THE MOTIVE OF THE INCENDIARISTS

An Attempt to Rob Safe on Ground Floor Was Frustrated and Thieves Landed in Jail—Friends Started the Fire.

NEW YORK, Nov. 25.—Thirteen persons lost their lives and several others were injured early today in a tenement house fire at Eighth street and Second avenue. All the dead were Italians. Seven of the thirteen were children. The bodies were found huddled together in rooms on the top floor of the four-story building, where the terror-stricken people had been driven by the flames which rushed up from the lower floors. They died before they could reach windows which led to fire escapes.

Some had been enveloped in flames and burned alive. Others, overcome by smoke, were spared the agonies of death by the flames.

That the fatal fire was the work of incendiaries who sought revenge is the opinion of the police and firemen, who made the first hasty examination. Three weeks ago three Italians were caught in the act of trying to rob a safe in the saloon of Giuseppe Cudano on the ground floor. The safe contained over \$2000, which the saloon keeper's friends had withdrawn from banks during the money panic.

The would-be robbers were arrested and are now awaiting trial. The fire of today started in Cudano's saloon and the police believe it may have been the work of the friends of the prisoners, who took this means of squaring the account with the saloon keeper.

Cudano discovered the fire when he went down to open his place of business early this morning. As he opened the door he was met by a rush of flames. He dashed up the stairs to the apartments above crying "Fire!" The occupants of the building to run for their lives. When he reached the rooms occupied by his own family he burst in the door and seizing his young son, Dominick, in his arms, told Mrs. Cudano and other members of the family to follow. Cudano and the boy managed to find their way downstairs to the street, but before the woman could get through, the flames had cut off the exit by that avenue. It is supposed that Mrs. Cudano and the other children sought safety in the upper part of the building.

Just what happened in the burning building before the fire was discovered never will be known. So quickly did the flames spread that almost before the firemen arrived, the whole building was a furnace, and it was impossible for anyone to enter.

The firemen fought their way through the smoke to the upper floor. There they came on piles of dead, where they had fallen victims to the rush of flames and smoke even before they had a chance to attempt to save themselves.

The reason for this was explained, when after the flames had been partially controlled, firemen fought their way through the smoke to the upper floor. There they came on piles of dead, where they had fallen victims to the rush of flames and smoke even before they had a chance to attempt to save themselves.

NO TAX EXTENSION NEEDED IN NEVADA

Governor Sparks Declares That He Will Not Summon the Legislature.

CARSON, Nev., Nov. 25.—Governor Sparks this afternoon issued a proclamation declaring that no special session of the Nevada legislature will be called. He gives as his reason for declining to call an extra session after many people in Nevada have urged such action that the majority of the sentiment is against it and that the belief that might be afforded would come too late, as taxes have been paid by many and there is no other measure except any extension of the time for paying taxes that would help the situation. The governor says conditions in Nevada are becoming much lighter.

RELIEF VESSEL HAS DIFFICULT VOYAGE

SEATTLE, Nov. 25.—The steamship Nushagak, bound by gates since November 14, put into Seattle harbor today to replenish her fuel oil tanks. The Nushagak is bound for Kukpuk to resupply the fisherman and sailors of the week-long barkentine Svala, but the past ten days of bad weather proved too much for the craft and with little room enough fuel to carry her to Seattle the vessel ran aground.

While at dredge anchor, the officers of the vessel reported the Nushagak encountered a wind of hurricane velocity and a heavy sea. The vessel cleared for sea tonight with what is thought to be enough oil and coal to accomplish the passage to port. After an hour's maneuvering a new line was passed to the vessel and the barkentine Svala without a stop.

ARABS FIGHT FRENCH FORCE IN ALGERIA

MAGHNAIA, Algeria, Nov. 25.—Ten thousand of the fiercest Berbers Naseur tribesmen swooped down on the French camp yesterday and were beaten off with a loss of 1200 killed. The fighting continued for a long time and was conducted on the part of the tribesmen apparently with total disregard for their lives.

At one time the French infantry was in danger of being surrounded, but they finally disengaged themselves from their perilous position by a most brilliant charge of the Spahis. The rout of the Arabs was completed by a vigorous shelling by the artillery. The French loss was eight killed.

The Arabs were not disengaged by this repulse, but reformed their forces and in addition directed their forces to rousing other tribes. The fighting was resumed today half the bombing or cannon could be heard throughout the afternoon. The results of the battle are not known at present.

During the pursuit of the enemy the Spahis were drawn into ambush and Lieutenant Rose, who was riding in front, fell, riddled with bullets, but the troopers rallied and drove themselves upon the Arabs in ambush, cutting them to pieces. The French forces followed up their advantage, and securing the country, killed many of the fugitives. The artillery bombarded the mountain slopes where the remainder of the tribesmen had taken refuge.

BLOOMINGTON, Ill., Nov. 25.—The State bank at Clinton was held up and robbed of \$2200 in coin shortly before 10 o'clock this afternoon by two men, who made their escape.

It was just a few minutes after closing time when the men appeared in the bank and with drawn revolvers forced Assistant Cashier William Argus, Cashier Murphy and Bookkeeper John Young to enter the big vault, which they locked. The bulk of the money had already been placed in the currency safe and the time had set, but \$2200 in gold and silver remained on the counter. This the robbers shaved off, leaving just enough to leave them in the hotel Hendon, where they had previously engaged a room.

They had arranged the money in rolls so that it could be easily carried, and were just about to leave the hotel when officers learned of their presence and attempted to break in the door. Before they succeeded, however, the robbers jumped from the window onto an adjoining roof, taking only \$700 in gold and leaving \$1500 in silver in the room. It was dark when the men escaped from the hotel and all trace of them was lost. A posse was organized and went in pursuit.

Before the highwaymen left the bank building they called up the telephone operator and requested her to send some one to the bank to release the three bank officials imprisoned in the vault. Charles Parker, collector of the bank, was the only person who knew the combination to the vault. After a search he was found and hurried to the assistance of the inmates. Parker, just as he was found, had been shot in the back and was lying on the floor. When Parker opened the vault door the men were almost suffocated.

Before the highwaymen left the bank building they called up the telephone operator and requested her to send some one to the bank to release the three bank officials imprisoned in the vault.

The company has sufficient surplus funds to continue to pay dividends without shipping any more ore for the present. I cannot say what action will be taken in the matter of future dividends and other things which vitally affect the future conduct of the property will be discussed.

At this meeting the new manager, Mr. MacKenzie, who has been busy getting acquainted under ground, will make a report as to the conditions.

CARNIVAL OPENS WITH THE BLARE OF
TRUMPETS AND SHOWERS OF CONFETTI

FIRST BALLOON ASCENSION WILL TAKE PLACE THIS AFTERNOON ON THE CARNIVAL GROUNDS.

NAT REISS OF THE CARNIVAL COMPANY.

With a blare of trumpets—and a justly chorus from the "barkers"—the management announces a balloon ascension and parachute drop. On Thanksgiving Day there will be a balloon ascension—one of the balloons being a dog, and will make the drop in his own parachute.

The circus in the main tent was well attended last evening and suited the crowd. The acts consist of various acrobatic "turns" and specialties, and none of them are too long, while a number of clowns supply the fun.

A troupe of Japanese acrobats will join the show this afternoon, coming direct from Japan. They were held up by the customs authorities in San Francisco through their not having the proper "credentials."

The carnival will be in progress all week, open afternoons and evenings.

AGED MERCHANT KILLED
BY NEGRO BURGLAR

KANSAS CITY, Nov. 25.—Edward Landman, aged 77 years, who for twenty years has kept a clothing store at 1107 East Franklin Street in this city, was brutally assaulted by a negro tonight, who entered the store and struck the aged merchant with a coupling pin, resulting in his death. The negro, a tall mulatto, under the pretense of making a purchase, remained in the store until he found himself alone with Landman, when the assault occurred and the store was robbed. The negro escaped.

Three other merchants in the immediate neighborhood have been similarly assaulted by negroes within the last six months, one of whom died from the injuries he suffered.

AGED WOMAN'S BODY
DEVOURED BY DOGS

PEORIA, Ill., Nov. 25.—Mrs. Barbara Anderson, aged 60 years, recluse, living in a cabin boat in a lonely spot on the Illinois river near this city, was found dead this morning. Her body was lying on the floor and twelve dogs were devouring it. Her face, neck and shoulders had been eaten by ravenous canines. It is thought that she had been dead for four or five days.

BRITISH GENERAL IS
KILLED BY AN AUTO
OF FELLOW WARRIOR

LONDON, Nov. 25.—General Sir Edward Colville came to his death yesterday as the result of an automobile accident. The general last evening was riding a motorcycle down a country lane in Surrey. In turning a sharp corner, he collided violently with an automobile driven by his old friend and battlefield comrade, General Sir Henry Seymour Rawlinson. General Colville was thrown to the ground, striking on his head, was stunned and died from his injuries during the night.

General Colville was born in 1852. He was one of the generals who was recalled from South Africa during the Boer War, owing to the disaster sustained by the troops of his command.

SAN FRANCISCO ASKS
ROOSEVELT TO BE
GUEST OF THE CITY

SAN FRANCISCO, Nov. 25.—It was decided at today's meeting of the board of supervisors that President Roosevelt should be invited by Mayor Taylor to be the guest of San Francisco and take part in the festivities to mark the visit of the big fleet of cruisers and battleships to this port.

GREATER PITTSBURG MAY
HAVE BALL PLAYER AS
ITS FIRST MAYOR

PITTSBURG, Nov. 25.—Adison Gumbert, known to old time followers of baseball, may be the first mayor of Greater Pittsburgh. Gumbert, during the time he was a ball player, pitched for the Boston, Chicago and Pittsburgh clubs. Since his retirement from baseball ten years ago, he has been prominent in politics here. He is now sheriff of Allegheny county.

EDS. MOYERS, Jr., Nov. 25.—Frank Gumbert, who was injured in an automobile accident in which R. D. Nettler was killed Saturday, died at the hospital here yesterday. Other members of the party who received injuries will recover.

SPECIAL POLICEMAN
ARRESTED AS ROBBER

SAN FRANCISCO, Nov. 25.—Special Policeman John Q. Webster, assigned to duty at Buena Vista park, is held in confinement at the city prison, and will be booked for robbery. The complaining witness against Webster is Captain John Johnson, an aged capitalist, who has positively identified Webster as one of two roughly dressed men who stopped him and a woman he was escorting through the park and did not permit them to proceed until he had been relieved of \$20. Webster is said to have made a partial confession, admitting that he met Johnson, who dropped \$20, which he picked up.

RATE FIGHT CHEAPENS
THE TRIP TO NEW YORK

SAN FRANCISCO, Nov. 25.—Owing to the railroad rate controversy cast of Chicago, which has resulted in the establishment of a \$10 rate between Chicago and New York from Cincinnati to New York over certain lines, the Southern Pacific company has filed notice with the Interstate Commerce Commission that they will use the \$10 rate for basing rates on business from California, reducing the second-class rate to New York to \$5.20, effective November 29th. This action was taken to avoid the confusion resulting from the fact that the sum of the local fares from San Francisco to Chicago and Chicago to New York was less than the present through legal rate.

FOREST RESERVE AGENT
RUNS AMUCK AND
STABS SEVERAL MEN

DENVER, Nov. 25.—A special to the Denver Post from Arvada, Colorado, says that after setting fire to the Palace hotel early this morning and attempting to commit suicide, Basilio Rodriguez, a government forest reserve agent from Escondida, N. M., stabbed C. B. Anderson of Coldwater, Mich., to death, seriously stabbed and assaulted four other men and finally attempted to kill City Marshal John Baumashier, who was attempting to arrest him. The marshal then shot and killed the Mexican, who was undoubtedly insane.

WHITE WOMAN AND
NEGRO WORKED AS TEAM

CHICAGO, Nov. 25.—James Edwards, a white-colored, and a white woman, who gave her name as Clara Edwards, but whose real name is believed to be Ross Cohn, left Chicago last night in charge of detectives to answer in New York—the accusation of having robbed a millionaire of diamonds and money to the amount of \$25,000. According to the Chicago police a man who said he was Robert H. Brown of Atlanta, Ga., complained to the New York police that while he was in company of the woman her colored accomplice rifled his baggage.

QUARTERMASTER CHARGED
WITH CORRUPT DEALING

SAN FRANCISCO, Nov. 25.—"Perjury" and "accepting a gift of a horse and buggy from a contractor" are the charges brought today against Lieutenant Thomas F. Jones, United States army, who is to be tried before a court martial at the Presidio next Tuesday.

There are several other charges of a lesser nature. Captain Solomon Avery, Jr., will act as judge advocate. Lieutenant Jones is an officer of the Sixty-first company, coast artillery, and quartermaster at Fort Baker. He entered the army as a private in the Thirty-first coast artillery December 30, 1889, and was promoted to lieutenant February 2, 1901. He has been stationed at Fort Baker for two years.

GETS GEORGE WASHINGTON'S RING.

Vice Chancellor E. H. Leaming of Camden has been bequeathed Washington's ring by the will of his father, Jonathan Leaming, recently admitted to probate at Cape May court house.

The ring was given by George Washington to Lieutenant Comer, of the United States navy, who placed it in the possession of his sister, Sarah Keen, when he left Philadelphia for Algiers, where he lost his life. From Sarah Keen the ring descended to Mrs. Sarah S. Carson, grandmother of Vice Chancellor Leaming, and from her to her son, Jonathan Leaming.

The ring is of gold, with a square setting of blue and white enamel, in the center of which is surrounded by thirteen pearls, in a lock of Washington's hair covered by glass. — Ocean City Dispatch to New York American.

SAYS IT IS A FACT.

San Joaquin Drug Company Confirms
Guarantee on Hyomei, Cure for
Catarrh.

The question having been raised as to whether or not the San Joaquin Drug Co. will refund the money if a Hyomei outfit does not do all that is claimed for it in curing catarrh, they want to state positively that this guarantee is an absolute fact.

A guarantee like this is the best proof that can be offered as to the curative powers of Hyomei in all catarrhal troubles. You do not risk a cent in testing its healing virtues, the San Joaquin Drug Co. takes all the risk.

If you have catarrh, try this wonderful medicated oint by Hyomei. It does not drug or derange the stomach, but is breathed through a neat pocket inhaler that comes with every outfit, so that the medication reaches the most remote air cells in the nose, throat and lungs, where any catarrhal germs may be lurking. It quickly destroys them, heals and soothes the irritated mucous membrane and vitalizes the tissues so that catarrh is no longer possible. You can lose nothing by giving Hyomei a trial, nothing but the catarrh and that is good riddance.

The price of the complete outfit is but \$1.00; nothing if it fails to cure, get an outfit from the San Joaquin Drug Co. today and begin its use at once.

PREPARING FOR
TORREY REVIVALS

Evangelist Will Hold Meetings
In February.

City Churches Must Erect a
Tabernacle With a Ca-
pacity of 4000.

The ministerial union discussed at

its meeting yesterday arrangements

for the coming revival meetings in

which all the church congregations

have agreed to cooperate and which

will be led by R. A. Torrey of Chicago.

It is considered one of the foremost

evangelists in the land at this time.

The union has been in correspond-

ence with him on the subject of these

meetings and a definite response was

received from him yesterday that he

will come to open the revival beginning

on February 8th and closing on the

5th of March, including five Sundays

during his stay in Fresno. Mr. Torrey

will come here immediately after his

January meetings in Los Angeles and

as much as from here he will go

either to Seattle, Washington, or Det-

roit, Michigan, Los Angeles and

Fresno will be the only points at which

he will speak while in California.

One of the conditions which he

named in connection with his coming

was that the united churches shall

erect a temporary structure with a ca-

pacity of 4,000 persons in which to hold

the revival meetings. The ministers

have two sites under consideration for

this structure on the tabernacle plan.

One is on K street, between Fresno

and Merced, between the Union-Evans

Carriage Company's building and the

bank. The other is at the corner of

11th and K streets. The K street site

is much preferred because of its cen-

tral location and it will be the

chosen unless insuperable objections

are presented under the fire ordinance

and insurance regulations. The com-

mittee in charge of this matter com-

prises Messrs. Wallace, Brown and

Peebles and it hopes to be able to

make a definite report next Monday.

Mr. Torrey urged in connection with

the revival preparations, immediate

action in organization work in the line

of cottage prayer meetings and to

take this up. Messrs. Brough, Wallace

and Queen were named as a commit-

tee. As another feature of advance

work, Mr. Torrey has published a

work entitled "How to Bring Men to Christ."

Secretary John Peebles of the Y. M. C. A., acting in the same

capacity for the ministerial union, was

authorized to buy 50 copies of the book

upon receipt of which the work of or-

ganizations of evangelists will begin.

The evangelist will be accompanied

by a solo singer and choir leader in

the person of G. O. Schilder, and to aid him

in the hymn work it is proposed to

have a choir of 500 voices from the

churches of the city. For the musical

service the new book, "Famous Gosp-

el Hymns" will be used. A letter is

expected from Mr. Schilder giving in-

structions how to proceed to form and

train this large chorus.

Another assistant in the train of the

evangelist will be Mr. Jacoby, whose

particular field of activity is to have

charge of the special workers. This

feature, Evangelist Torrey has empha-

sized as one of the most important

in connection with evangelizing work, for

not only will it afford a corps of work-

ers for the revival season, but the ser-

vices of those after the revival will be

CHESTER H. ROWELL, Editor and Manager

ARGUMENT AND WORK.

The usually acute, if sometimes misinformed "Autoclycus," of the Stockton Mail, expresses the following two conclusions:

"It is impossible to formulate a reasonable, or even plausible, argument in favor of Herrin and the Organization."

"Yet the insurgents are not much superior to political guerillas. They lack the organization that Herrin has created.

"In infinite pains and the expenditure of much money."

Strange as it may seem, it is not only possible to formulate a plausible defense of Herrinism, but it has been done, and the argument has been floating around for some time. Grove Johnson gave it its first public utterance in the legislature Saturday, but he did not invent it. We heard it the first time attributed to Governor Gillett, but that may have been an injustice to the governor. At any rate, whoever invented it, this is the argument:

"The revolt against the Organization has taken the form of an attack on property and business. Herrin represents conservatism and business stability. Therefore, we must maintain his control, as our only protection against the reckless reformers."

This is, of course, not "reasonable," or truthful. But it is at least plausible.

One other argument is also made. It does not pretend to be even plausible, but is effective with a certain class of people, in whom hide-bound prejudice takes the place of thinking. It is this:

"The reformers are not strict enough party men. They are commonly non-partisan, in municipal affairs, and even in state affairs they sometimes consort with men who were once Democrats. I am in favor of the regular Republicans ticket, whoever is on it, and so long as Herrin controls the official state organization, I am for him."

Of course this latter argument is not worth discussing. The man to whom it appeals is deaf to reply. But, the former argument is really ingenious, and we shall probably hear a good deal of it, when the issue gets sharper.

The statement that the "insurgents" are lacking in organization was of course once true. That is the reason they have always failed. But they are organized now, better than the Herrinites, and they are doing politics, all the time, between seasons, as formerly no one but the professionals did. The perfection of the Herrin organization is largely a fiction and a tradition. That organization was never complete. It never had local clubs and district leaders. It never had assembly district committee-men who did anything, or were given anything definite to do. It never even had any books or lists from one election to another. Whatever it might accumulate, during one campaign, somebody promptly stole after election, and when the state committee reconvened, next campaign, it had no kind of continuity except the memory of Jake Steppacher.

Out of the names preserved in that more or less capacious memory, some sort of local organization was extemporized, but nothing systematic was accomplished, or is now accomplished. The Organization was and is a bugaboo, and scares people into line with its shadow. Mainly it organizes San Francisco, and a few other places, with money, to go into conventions with a block of votes to trade with.

THE MAN WHO STANDS UP

POLICEMAN KILLED
BY HOLDUP MEN

OAKLAND, Nov. 25.—George White, a special policeman was shot dead in a saloon at the corner of Sixth and Alice streets tonight by a couple of holdup men. The men were in the act of holding up the saloon when White dropped in. The thieves promptly turned their guns on him and he fell dead at the first volley. The men then fled and succeeded in effecting their escape.

ONE KILLED AND TWO
INJURED IN A FIRE

Cincinnati Dry Goods House Suffers a Heavy Loss in a Conflagration.

CINCINNATI, Ohio, Nov. 25.—One person was killed, two were injured and a heavy property loss was caused by a fire in the six-story retail dry goods house at Twelfth street and Main, of the William Windhorst company, a retail dry goods firm.

Located in a crowded retail section, the fire caused much excitement. The knowledge that more than 100 employees and an indefinite number of customers were in the building spread throughout the city in remarkably quick time. An electrician had been working in one of the show windows and the flames are believed to have started during the noon hour from crossed wires.

STEVE ADAMS IS
ADMITTED TO BAIL

But It Is Provided He Will Be Immediately Rearrested on Another Murder Charge.

SPOKANE, Wash., Nov. 25.—Steve Adams was admitted to bail in the District Court at Rathdrum this morning for the sum of \$10,000. Attorney Darrow for the defendant announced the bond would be provided within a few days. It is expected that as soon as Adams is released on this bond he will be rearrested on a warrant charging him with the murder of Arthur Collins at Telico, Colo., in 1902.

Attorneys Darrow and Hawley leave at once for Boise to appear in the Potlatch case.

TWO MEN STRIVE
TO SUCCEED MITCHELL

INDIANAPOLIS, Ind., Nov. 25.—The members of the United Mine Workers of America organization will hold their annual election the second week in December, and ballots will be sent out tomorrow from the national headquarters in this city to the different local unions.

There are but two candidates who hope to succeed President John H. Mitchell, who will retire next April.

These candidates are Thomas J. Lewis, vice president of the organization, and W. B. Wilson, who has for several years held the office of secretary-treasurer of the United Mine Workers.

WOMAN KILLS RIVAL
IN HUSBAND'S AFFECTION

BALTIMORE, Md., Nov. 25.—Madeline by the ballot that her husband's millions had been stolen from him by Mrs. Sallie Brown, Mrs. Annie B. Match today shot and killed Mrs. Brown. Two bullets from a revolver entered the victim's forehead. The shooting occurred in Mrs. Brown's home and was done in the presence of Mrs. Match. The man then left the house by a rear exit and has not been arrested. Immediately after the shooting Mrs. Match went to the nearest police station and gave herself up.

WANTS GIFT USED
FOR CLUBHOUSE FUND

SEATTLE, Wash., Nov. 25.—Saburo Hisamizu, retiring Japanese consul on the eve of his departure for Tokyo, refused to accept a costly silver loving cup presented to him by the Japanese association of Seattle, and instead asked that the cup be disposed of and the money used in a fund started toward building a club-house in this city as a gathering place for the subjects of the Mikado.

MAGAZINE SWINDLER
HAS A WIDE FIELD
OF OPERATIONS

LOS ANGELES, Nov. 25.—C. L. Weeks, alias T. L. Stevenson, arrested in this city on a charge of petty swindling, tonight, confessed to the police that he had escaped from an Indiana reformatory and that he was wanted in Seattle, Portland, San Francisco, Fresno, Goldfield and Rutherford. Weekly's plan has generally been to canvass for a magazine that has no existence or to collect subscriptions for a publishing house that had long since discharged him.

The records of the Fresno police department do not show that Weekly, or Stevenson, is wanted here.

Pettibone Trial Goes On.

BOISE, Idaho, Nov. 25.—The trial of George A. Pettibone, for the alleged complicity in the assassination of former Governor Steuneman, was called off before Judge Fremont Wood in the district court this morning. Because of the absence of Attorney Clarence Karrow, chief counsel for the defense, and James H. Hawley, chief counsel for the prosecution, who have been attending the trial of Steve Adams at Rathdrum, Idaho, the case was continued until tomorrow morning.

Banker Confesses Embazlement.

ANNISTON, Ala., Nov. 25.—In the United States court today, William Lawlor, late cashier of the defunct Bank of Attala, Ala., charged with embezzlement of the funds of that institution in conjunction with former President Lewis M. Dike, now serving a term of five years, entered a plea of guilty. Sentence was deferred.

Cleveland For Convention.

WINONA, Minn., Nov. 25.—Through Dr. Lewis Sheppard of this city, secretary of the executive committee of the National Educational Association, tonight announced that Cleveland has been selected as the place for the convention in 1908 from June 29th to July 3d.

Elks Will Convene at Dallas.

FORT WORTH, Nov. 25.—At a meeting of the officers of the grand lodge of Elks here, it was reported that a committee which investigated the possibilities of Dallas, Tex., as a convention city, and it was agreed to hold the next convention of the Elks in that city.

IN THE LODGE ROOM.

Eastern Star

Ridgway Chapter, Order of Eastern Star, held a very interesting installation of newly elected officers at a luncheon at the Hotel Ridgway yesterday. Mrs. George Smith, worthy matron; James Cyrus Potter, patron; Lizzie Walker, associate matron; Bessie V. Fassett, recording; Jennie E. Whitney, treasurer; Mae Wright, conductor; Jessie Burnham, associate conductor; Miss Ethel Vanderlip, Adela Eva Scott, Ruth; Mrs. Olive Astbury, Esther; Cyrus Zener; Mrs. Burroughs Chapman, Nellie Bush, organist; Minerva Chappell, marshal; Elizabeth Barker, warden; Walter Whitney, sentinel.

The retiring worthy matron, Mrs. Eva Nohl, was presented, as is the custom, with a scarf pin, a very tasteful and appropriate presentation speech being made by J. L. Beall.

Mrs. Nohl responded with a very nicely conceived and well worded speech, expressive of her appreciation and pleasure.

Mrs. Katherine Smith, the presiding matron, made a few proper and appropriate remarks, as response when she was presented with a basket of flowers.

The meeting closed with a general social gathering.

The feature of the meeting of the Macabees in A. O. U. W. hall last evening was the turkey supper, on the plan of Thanksgiving dinner, after the short business session. There was a good crowd present, while the whole evening was exceedingly enjoyable. Waitresses were secured to serve up the big supper in fine style. After this, the members finished the evening with music, and games.

Before supper a short business session was held. Only routine matters were handled, the only thing out of the ordinary which came up being the announcement that State Commander G. W. Hall and wife would be here to visit the local lodge within a week, and would make a good stay of it when here.

Rebekahs.

Friend Rebekah Lodge, No. 158, last night gave a social dance at I. O. O. F. hall for the benefit of the social fund. Twenty-five cents admission was charged. A very good crowd was present passing the evening very pleasantly, dancing to the strains of good music. After the dance refreshments were served. A feature was cake decked with flags, which was not exceedingly durable, however, as it proved the cake having gone before the dancing was over.

Fraternal Brotherhood.

A great meeting of Fresno Lodge No. 50 of the Fraternal Brotherhood was held last evening. A class of eighteen was initiated, while 35 new applicants were proposed. It is hoped that the lodge will soon reach the 100 mark. A big initiation to be held on December 17th at Armory hall, is being prepared for. At that time, the supreme officers will be present to take part in the ceremonies, and it will be a memorable night for the local lodge.

District Manager O. B. Reed of Los Angeles, who makes his headquarters in this city for his work in the valley, was present last evening and spoke to the members present. After the business session a dance was held.

Modern Woodmen.

Sunset Camp, Modern Woodmen, held a rather successful meeting last night, of which two new members were initiated, while five new applications were received. A plan has been adopted by which Sunset Camp in conjunction with the other camps of the valley is to hold a big initiation at Hanford on January 6th, 1908.

Next Monday is to be the annual election of officers.

Frederick Lodge, I. O. O. F.

There was a large and enthusiastic meeting of Frederick Lodge No. 186 last night. The third degree was conferred on the following members: J. G. Harris, W. D. Brough, E. C. Vaithen, J. F. Stoenley. Visitors present were: E. E. Townsley, Kirklin, Ind.; Wallace McMinn, Beaver Falls, Pa.; W. P. Ingle, Jamestown, Pa. A. G. Mudge exhibited a number of views with a stereopticon, which proved very interesting. Speeches were made by the visiting brothers. After the close of the lodge session refreshments were served by the entertainment committee. Brothers H. W. Dike and A. K. Dick. Our application for membership was received and nominations were made for officers for the next term.

Woodmen of the World.

Manzanita Camp, W. O. W., will hold its annual election of officers tonight. A full corps of officers will be chosen for the coming year and following the business session the members will enjoy an oyster supper. A large turn out of members is expected.

TRYING RAILROAD
ON CRUELTY CHARGE

Southern Pacific Has Not Obeyed Law

Regarding Rest for Cattle in

Transit.

SAN FRANCISCO, Nov. 25.—Twenty-one cruelty-in-animal cases brought by the government against the Southern Pacific company occupied the attention of the United States District court today and will probably require nearly all of tomorrow before they go to the jury.

They are brought under the act passed by Congress over a year ago, which provides that cattle, horses, sheep or swine must be unloaded, fed and watered after each consecutive twenty-eight hours of confinement in the cars, that this must be done at suitable cattle pens and that the resting time must be at least five hours.

The railroad attorneys contend that only one offense is committed for each trainload while the government attorneys ask for a penalty to be attached to each single shipment by any one individual or firm. This point has not yet been settled.

Ship Officers Exonerated.

SAN FRANCISCO, Nov. 25.—The local board of steamboat inspectors handed down its decision today in the case of the burning of the steam schooner Berkley, on Point Conception on the morning of November 14th, exonerating Captain A. D. Higgins, the master, and all his officers from any charge of negligence. The vessel was valued at \$75,000.

General Conditions

Three centers of low pressure occur the Puget Sound region, the upper lakes and New England, respectively, resulting in cloudy weather with rain in western Washington and western Oregon and rain or snow over northern New England. Rain or snow occurred over the Pacific slope from Eureka northward and also over the middle and north Atlantic states, being quite heavy over southern New York and Massachusetts. High pressure dominates the country from the middle Pacific coast to Florida, accompanied by generally fair and warm weather, except along the coast of the east and from the northern Rocky mountains westward. The temperature is below the freezing point over a large portion of the Rocky mountain states and the Missouri valley. Conditions are favorable for cloudy weather at Fresno and vicinity tonight and Tuesday.

PERSONAL MENTION

County Clerk W. O. Miles has been confined to his home for on account of illness.

Mrs. John P. Zapp, the accomplished horsewoman is seriously ill on account of an abscess in the side.

W. T. Conard has come back to Fresno from a long absence at Goldfield, Nevada, Saturday and Sunday evening. Stephen P. Key of People's Ill., connected with the internal revenue service, is on a visit in Fresno.

Mr. and Mrs. D. H. McCabe and small son left last week for Indiana, to attend Mr. McCabe's parents' golden wedding.

The following persons from nearby towns are registered at the Grand Central: T. M. Penney, Reedley; W. E. Clayton, S. P. Thompson, Coalinga; Emmett Ford, Mendota; Mrs. F. J. Smith, Modesto; Dallas H. Gray, Hanford; W. K. Chidley, Visalia; Dr. W. F. Hertzold and wife, Seaside.

D. S. Stapp, formerly of the grocery firm of Brown and Stapp, who is at the county hospital on suspicion of being mentally deranged, yesterday climbed to the top of the water tower and jumped to the ground. No bones were broken but the doctors think that he may be insane internally.

Stapp seemed to be in good health and was not afraid of heights and was permitted to walk about the grounds. About noon he suddenly began to climb the ladder of the tower and before he could be stopped had taken the leap from the tower.

NEGRO CHARGED WITH ROBBERY BOUND OVER

Preliminary Examination Shows That

He Was In Vicinity of the Hold-Up.

Archie Seaman, the seventeen year old negro, who was arrested for holding up Christopher McDog and Jacob Lomax last Thursday night at the corner of 16th and Main, was held yesterday afternoon for his preliminary examination before Judge Briggs.

A large number of negro witnesses were called and established the fact that Seaman had been seen in company with the two men in a German restaurant just before the robbery took place. Seaman denied to the police that he had been with the men and claimed that he had gone to bed early in the evening.

Chief of Police William Shaw yesterday promoted Policeman George Mischen to the rank of sergeant, to fill the vacancy in that grade caused by the resignation of Sergeant C. T. Walton.

Sergeant Mischen is one of the oldest men in the force, having served for two years, when he left the department, to return to it more than a year ago. He has an excellent record and was the recipient of many congratulations from his friends yesterday when he assumed his new duties.

YALE VICTORIES HELP MONEY STRINGENCY IN NEW HAVEN

NEW YORK, Nov. 25.—It is announced that the foot-ball results for the season will reach approximately \$50,000. This is not a record, for it is unusually high. Yale and Harvard shared equally \$68,000 of Saturday's game, and the receipts of the Yale-Princeton game, also split evenly between the teams, amounted to \$68,000. The sum spent in the city by visitors to the game Saturday and the enormous amount won by Yale students on the game Saturday will completely break the money stringency in New Haven.

WASHINGTON, Nov. 25.—The Treasury department today purchased 300,000 ounces of silver at \$38.82 cents per fine ounce; 200,000 ounces to be delivered at Denver and 100,000 ounces at New Orleans.

Half Price for W. B. Corsets Tuesday and Wednesday

This one of the most extraordinary corset offers we have ever made and probably at no other time were W. B. Corsets sold at half price. But a strict rule of this store is to keep our corset stock right up-to-the-hour for styles, and as soon as new numbers appear they are added to our stock. This necessitates, at the end of each season, a clearing out of numbers which are to be displaced by more extreme models, and this is a sale of styles which will be discontinued.

There are 8 or 10 styles to choose from, and about 200 corsets in all. They are styles which are perfect in every way, but are not extreme. Good, practical and serviceable models for the woman who wants grace with a full amount of comfort.

Almost all sizes in each number, so that every figure is assured a correct fit.

Original prices marked in plain figures, so that there can be no mistake.

On sale today and Wednesday at half price, but we advise as early a selection as possible.

These are some of the styles:

Secrets

Mr. and Mrs. J. D. Towner, who were married at Kingsburg, Sunday at high noon.

The Query club met yesterday with Mrs. Truman G. Hart for a session of particular interest. Mrs. W. D. Crichton led in a study of "Petrels and Petrelas" by Maeterlinck, the readers being Mrs. Patterson, Mrs. Frank Warner and Miss Helm. A comparison was made between the soul bondage in this play and in the Shakespeare play, "Antony and Cleopatra," which the club will finish reading next week. The club's full membership was present and the day was one of the most interesting comparative study days the club has held. Next week Miss Myrtle Marcell will be hostess at Mrs. Hart's home when the reading of "Antony and Cleopatra" will be finished and papers assigned at the beginning of the play will be given the various members.

Mrs. E. E. Neapheim entertains at her home on Wednesday in honor of her sister, Mrs. Julius Steinmyer, of Boise City, Idaho.

Mr. and Mrs. Arthur Tarpey have come to make Fresno their home and will establish themselves in the cozy cottage on the Tarpey vineyard adjoining the family residence. They were given a right royal welcome on Sunday evening when number of the Tarpey's friends dropped in quite informally for dinner. Mr. Tarpey, senior, and his charming daughter, Miss Dolly, are ideal entertainers and an invitation to their hospitable home is indeed a pleasure. Mrs. Arthur Tarpey before her marriage, a few months ago was Miss Hope Mayne, the well known Oakland actress so universally admired and beloved by theater goers about the bay, whose friends only regret at her marriage was that it deprived the stage of one of its greatest favorites. This old country place is sure to be the headquarters for a jolly set of congenial spirits who enjoy free and easy country life especially when hospitality is so delightfully dispensed as it always is by the Tarpeys.

Those included in Sunday night's jollity were Mr. and Mrs. J. Cleary, Mr. and Mrs. Willis Pike, Mr. and Mrs. Arthur Tarpey, Messrs. Arthur Goodfellow, Dan Brown, Ward Minton, James Gearhart.

A Sunday San Francisco daily tells of an interesting concert at the Alcazar theater on Friday night, at which Helen Coburn Heath, the lyric soprano who appears tonight at Risley hall before the Musical club, figured conspicuously. Miss Heath appeared with Alice Birmingham in the musical version of "Pygmalion and Galatea," singing the role of Galatea most successfully. Mrs. Oscar Mansfield, the celebrated pianist was on the program and Mrs. Birmingham had some solo. That Miss Heath ranks with such finished artists as there is proof of her claim to especial distinction and the Musical club are looking forward to her appearance tonight with no little anticipation of pleasure.

The literary section of the Parlor Lecture club met yesterday with Mrs. Anna Newman to continue the reading and discussion of D'Annunzio's "Francesca di Rimini." There was a good attendance and much interest was manifest in the work of the department under the chairmanship of Miss Lucy Hatch. Mrs. Babcock will be hostess next week.

Miss Annie Feltch celebrated her twelfth birthday in a most enjoyable manner yesterday afternoon at her parents' home, 704 Mono street. Twelve girl friends assisted the young hostess in making the celebration a very jolly one. The house was prettily decorated in cut flowers and ferns and the crowning feature of the dining table was the birthday cake with its significant candles. A merry afternoon of games and music was enjoyed by the guests and the little hostess was substantially remembered with some very pretty presents. Those present were Lucille Moses, Nettie, Helen, Franklin Freeman, Lavinia Low, Little Moxie, Inez Doe and Pauline Meyers.

AN OLD IDEA
Shown to be Absolutely False by Modern Science.
The people used to think that baldness was one of those things which were handed down from generation to generation, from father to son—just like a family inheritance.

Science has shown the falseness of this belief by proving that baldness itself is not a constitutional disease, but the result of a germ invasion of which only Herpicide can effectively rid the scalp.

Washing only cleans the scalp of dandruff, it doesn't kill the germs.

"Destroy the cause you remove the effect."

Nowho's Herpicide will do this in every case. It is also a delightful dressing.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 60c and \$1. Geo. H. Monroe, special agent.

ORIGINAL COMPANY PRESENTS MELODRAMAS

Bertha M. Clay's "Thorns and Orange Blossoms" To Night's Play at the Burton.

Usually when a play scores a hit in one of the metropolitan cities, several road companies are organized and sent on tour, giving the public the impression that it is the same cast and production—*seen-in-the-larger-cities*. This has never been the practice of The Rowland & Clifford Amusement Co., which, owing to its many theaters and different attractions, enabled to put the attraction in theaters under its control and after a run send on the road with exactly the same equipment seen in Chicago, and this is particularly true of the "Thorns and Orange Blossoms" company, which comes to the Burton tonight almost direct from its run at the Academy of Music in Chicago. The production in its entirety, all the players, the ponderous scenic effects and electrical contrivances are intact. The company is headed by Miss Flora Fairfield, a charming actress, and a big favorite in New York, Boston and Chicago. Seats are on sale all day, price 25, 50 and 75 cents. "Strongbites."

The sale of seats for Ralph Stuart's appearance in "Strongbites," which will be at the Burton next Sunday and Monday nights, opens at the box office of the Burton tomorrow morning at 9 o'clock. The leading role—that of a college-bred Indian, affords Mr. Stuart great scope for an unusual characterization—one that he has taken advantage of to the full. Additional attractiveness is lent to the play by the fact that it pictures college life with vividness, freshness and force in its situations and much humor of the breezy American sort. An exciting incident is the football game, which forms an important part in the development of the story.

SEWER FARM LEASE WILL BE SIGNED TODAY

City Has Set Aside for Its Use Any Additional Effluent.

The sewer farm lease was not signed yesterday as intended, because of another important business engagement demanding the presence of S. Arakelian, the financial backer of the large enterprise with the city. Arakelian has been given "the word" that the lease will be signed today. The city has placed another insertion in the lease, setting aside for its use or disposal any additional effluent, should the present capacity of the septic tank series be increased. Provision is made for a contingency with the increase of the city population and limits has been made. Under the present plan, it is contemplated that the sewer outflow can be managed under an eight-hour tank treatment. An additional effluent over the present capacity output need not be looked for in ten years.

FIRST REPORTS SHOW ORANGE PRICES FAIR

Market Not Markedly High—Complaint of Arrival of Goods While Still Green.

Telegraphic reports state that the first oranges in the auction market from this section of the state, brought price somewhat \$4.00 per box. This figure, at the least, was expected by shippers. It is further stated that complaints of green fruit have been received, and that some oranges have been rejected on this account. The bulk of this early goods came from Tulare county, according to a statement made yesterday in this city by a shipper.

The market on oranges is now inclined to quietness, owing in part to the fact that many dealers have bought up Thanksgiving requirements, and more will be needed only in time to meet the Christmas demand.

In this city, high grade Mount Campbell oranges are being sold in the retail business, from early shipments sent here. This is quite a departure, as it is generally the policy of shippers to send all their good fruit, or the bulk of the very best grades, at least, to the east. Shipments of even more perfectly matured fruit will be coming in this week.

THANKSGIVING IS HERE

BY
Arthur J. Burdick

Copyright, 1907, by Arthur J. Burdick

I
BALM of the near hills and spice of the woodland;
Scent of the frost caressed fields in the air;
Rustle of leaves as they softly drift earthward;
Making a carpet of brilliant hues rare;

II
Voice of the quail as he gleans in the wheatfields.
Drumming of partridge in woods brought to ear.
Shriek of the jay and the squirrel's cheery laughter
Signs are that tell us Thanksgiving is here.

III
Storm of the equinox, winds from the wild north.
Sweeping the gray skies, have left such a blue
Naught save a few fleecy clouds sailing over
Keeps heaven's glory from shining down through.

IV
Nay, but that glory today is down shining.
Filling the heart with its warm, genial glow.
Where is the soul of its gifts so unmindful
It has no tribute of thanks to bestow?

V
Plenty, a bountiful largess, the nation
Freely has given, and, lo, o'er the land
Men have reached forth and have plucked a rich harvest—
Nature has smiled and has not stayed their hand.

VI
Sing now, O hearts, in this season of plenty;
Wake the glad echoes along autumn's ways.
Gladly we reaped the fields' golden harvest—
This is the day for a harvest of praise.

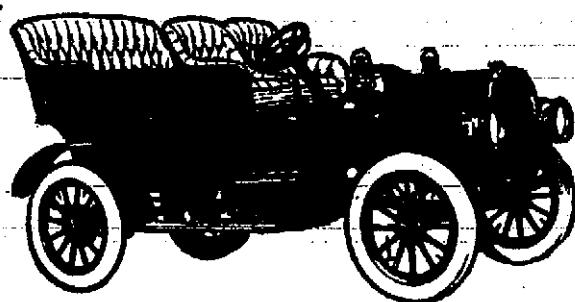

33—Prizes of the Highest Value—33

TO BE AWARDED DECEMBER 21st. IN THE

Republican's Grand Voting Contest

**SECOND PRIZE—Also Free For All
Regardless of Location**

**A 1908 Model
Rambler Touring Car
Price \$1,650**

This is an absolutely high-grade car, of the most modern and luxurious sort, fully equipped, with top, front lamps, and everything necessary to a complete outfit. The finest two-cylindered touring car on the market.

This car will be given to the candidate receiving the second highest number of votes.

FIRST PRIZE

FREE FOR ALL, IRRESPECTIVE OF LOCATION

**A Twenty Acre Farm
Worth \$2,000**

Twenty acres of the best land in the Fresno Irrigated Farms District. All this land now on the market is selling for \$100 an acre, and none can be had for a cent less. This is the former Bank of California tract, now owned by the Huntington interests of Los Angeles, and is destined to be one of the richest and most attractive farm colonies in California. Kearney Avenue is to be extended clear into the district; a street car line is a certainty in the near future; and the Fresno Country Club is now arranging to make it a center of out-door pastime and social life.

This farm will be an investment, and in a short time a competency for life. It is, beyond comparison, the finest offer ever made by a newspaper on the Pacific Coast, in a circulation contest.

This farm will be given to the candidate, irrespective of location, receiving the highest total number of votes.

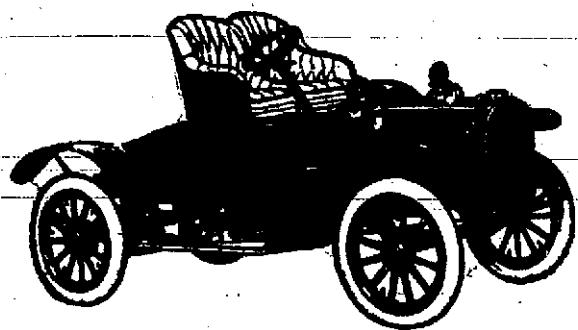

SCHEDULE OF VOTES

For all subscriptions paid for either in advance or arrears—	
1 year, Weekly	400

THIRD PRIZE

In awarding this prize, the territory is divided into two districts, of which Fresno County is one, and the other consists of Tulare, Kern, Kings, Madera, Merced and Stanislaus Counties.

This car will be given to the person receiving the highest number of votes in the district not winning second prize. Fresno County will be one district; the outside Counties the other.

**Newest Model
Rambler Runabout
Price \$1,150**

A high-powered, two-cylinder runabout of the highest grade, fully equipped. The best general purpose car on the market.

Six Trips to Yosemite

The districts will be the same as for the trips to Hawaii, and one trip to Yosemite will be given to the person receiving the second highest number of votes in each district.

Six Trips to the Hawaiian Islands, All Expenses Paid

For the purposes of this prize, the San Joaquin Valley will be divided into six districts.

District 1—Fresno City.

District 2—Fresno County outside city.

District 3—Madera County.

District 4—Merced and Stanislaus Counties.

District 5—Kings County.

District 6—Tulare and Kern Counties.

One trip to the Hawaiian Islands will be given to the person receiving the highest number of votes in each of these districts, who does not win one of the capital prizes.

Eighteen Trips to Los Angeles or Santa Cruz

In each of the six districts, three trips to Los Angeles or to Santa Cruz, at the choice of the winner, all expenses paid, will be given to the three candidates coming nearest to the votes of those winning the first and second prizes in these districts.

THOMPSON COMPANY RETURNS TO NOVELTY

Opens the Fall Season of Stock Under the Most Favorable Auspices.

Last night at the Novelty the Mayberry Thompson Company opened the fall season of stock in an auspicious manner and the general verdict of the large audience was that this company was the best that the Novelty has ever had.

Manager Hotchkiss has kept faith with his patrons when he promised a good company and packed houses will no doubt be the rule for the remainder of the week.

The company has been strengthened since its last visit to Fresno by the addition of Miss Katherine Kirkwood and Walter Fredericks. This is their first appearance in Fresno and they certainly made good. In their respective parts, Miss Thompson was as winsome as ever and handled her part in a manner that showed careful study. Charles Place and Elmer Ballard show signs of becoming popular favorites with the patrons of the Novelty. The remainder of the company were all good and the company show good team work. The scenery is magnificent and you must not be sold out. As it is, surely the best that has ever been seen with any popular priced attraction. The moving pictures and the illustrations songs sung by Wm. Winger made quite a hit and served to make the wait between the acts shorter.

When the "Bell Tolls" will be the play for the remainder of the week, with the usual matinees on Wednesday, Saturday and Sunday. An extra matinee will be given on Thanksgiving day.

MOTORMAN IS KILLED WHEN TRAINS COLLIDE IN NEW JERSEY SUBWAY

NEW YORK, Nov. 25.—A rear end collision of two subway trains in the Bronx today caused the death of Joseph Meyer, a motorman, and is believed to have injured several passengers. The collision was at 176th street and "Boston Road," where the tracks are run overhead instead of under ground. One car was left hanging over the end of the track.

A train was stalled near the 174th street station and the train behind ran into the forward car of the rear train mounting the rear car of the forward train.

The motorman was crushed to death in his compartment and pinned so that his body could not be removed. A fire started but was quickly extinguished by the fire department. There were about 200 passengers in each train. One of the first to be removed was a woman.

Will Help San Francisco Bank.

SAN FRANCISCO, Cal., Nov. 25.—Bank Commissioner Lynch said today: "There is a disposition among the part of the clearing house not to get behind the California Safe Deposit and Trust Company, and word is awaited from Mr. Walker in the East that he has succeeded in raising the necessary funds. Conditions are improving right along."

WHAT WAS IT The Woman Feared?

What comfort to find it is not "the awful thing" feared, but only chronic indigestion, which proper food can relieve.

A woman in Ohio says: "I was troubled for years with indigestion and chronic constipation. At times I would have such a gnawing in my stomach but I actually feared had a dislike to write or even think of what I feared."

Being an account of FGrape-Nuts. I decided to try it. After a short time I was satisfied the trouble was not the awful thing I feared but was still bad enough. However I was relieved of a bad case of dyspepsia by changing from improper food to Grape-Nuts.

"Since that time my bowels have been as regular as a clock. I had also noticed before I began to eat Grape-Nuts that I was becoming forgetful of where I put little things about the house, which was very annoying.

"But since the digestive organs have become strong from eating Grape-Nuts, my memory is good and my mind as clear as when I was young. And I am thankful!" Name given by Poston Battle Creek, Mich. Read the little booklet, "The Road to Wellville." It packages. "There's a reason."

A BROKEN THIGH LEFT HER HELPLESS

Agony-for-a-Day Suffered By an Aged Woman.

Dinuba Football Team Confident of Victory in Game With Tulare.

DINUBA, Cal., Nov. 25.—Mrs. Hudson, aged about 70 years, who resides about three miles west of town, had the misfortune of falling and breaking a thigh a few days ago. She was alone at the house when the accident happened, early in the morning, and was not found until late in the afternoon, when a neighbor stopped to see how she was. Mrs. Hudson was doing housework, when in crossing the room she tripped in the carpet and fell.

The local football team is practicing for the Thanksgiving game with the Tulare team to be played in this city. The locals are in the best condition the team from here has ever been, and is decidedly the strongest team ever put up by the local school. Their first league game at Visalia this year was lost more through hard luck than anything else, yet the boys have not given up hope of winning the pennant, if they can defeat Tulare here on Thanksgiving and either Tulare or Bakersfield defeat Visalia in the games yet to be played it will give the locals a second chance at Visalia and they feel confident of victory.

The chrysanthemum social given by the Ladies' Aid of the Presbyterian Church at Central block hall last week was a success, socially and financially. The funds raised by the entertainment have been added to the new church building fund. The Presbyterian people will shortly begin the erection of a new church edifice on the site where the old building stands, the present building to be moved to the rear of the lot. The following musical program was presented at the social: Vocal solo, Samuel Ellis; piano duet, Misses Catherine Wolfenden and Tola Wilson; vocal solo, Miss Vera Gauthier; violin solo, Miss Gretchen Nichols; solo, Miss Amelie Corlett; piano solo, Mrs. A. L. Dickey.

James Earnest Cook, local manager of the Pacific Telephone Company, and Miss Effie Grotz Mackens of Oroville were united in marriage on Thursday night at the home of the bride's parents, Rev. W. J. Fenton of this city, performing the ceremony. Mr. and Mrs. Cook have taken up their residence in a cottage on South L street in this city, where they will be at home to friends after December 20th.

G. R. Linkletter, a resident near this city, will leave shortly for the East on an extended visit. His son, G. F. Linkletter, and wife will go to the northern part of the state to be absent for several months.

Mr. and Mrs. H. F. Copenhaver of Exeter have moved to Dinuba and are occupying the new house of A. B. Wagstaff on North K street.

A unique Thanksgiving service will be held at the Presbyterian Church at 10:30 Thursday morning. The music

will be furnished by the church choir and the sermon will be preached by Rev. Buckner of the Methodist Church.

The Methodist Episcopal people of this place recently purchased a church building at Traver and it has been moved to this city and put into place at the corner of Merced and K streets.

W. H. Fletcher, who has been engaged in the confectionery business in this city, will leave in a day or two for his former home in Santa Cruz, where his family still resides.

Practically all the stores in town will be closed on Thanksgiving.

Jesse Buchanan of Traver was visiting friends in Dinuba yesterday.

Mrs. W. B. Scott of Kansas is here visiting relatives.

NARROW ESCAPE FROM THE FLAMES

Fire In Los Banos Nearly Costs Life of Family Sleeping In Second Story.

LOS BANOS, Nov. 25.—Wednesday night about 10:30 the two-story frame building belonging to J. V. Toscano, occupied by Jean Lauguette and a laundress, took fire. The fire was discovered by Max Kuebler, who turned in an alarm, which was promptly responded to. The stream from the chemical was soon playing effectively in the room. Foreman J. V. Toscano was nearly overcome with the smoke and first Assistant Henry Rueger fell from the light ladder.

The upstairs was used as sleeping rooms and down stairs as a laundry. The proprietor of the laundry and his wife and baby were sound asleep until some one burst the door and awoke them. Their exit by the stairway in the rear was cut off and they barely had time to go down a side staircase. Lauguette returned to his room to get some papers, but could not find them and had to jump from a window to the ground, a distance of fifteen feet, severely spraining his ankle. The loss is estimated at \$200.

James Hennigan, with wagons, scows, tools and thirty head of horses, unloaded his outfit from the car Monday and went from here to Panoche where he will put in a crop of grain. He has just completed a contract for the Western Pacific railroad in Beckwith pass, where he has been since the 12th of July. He and the men with him were glad to get back to the land of sunshine again, for where they were at work last it was snow and ice. He has sixteen inches of snow on the water tank every morning for some time.

J. J. Lindgren, a dairyman living near town, was unfortunate Tuesday afternoon by a timber giving away where he was feeding a bull and he fell into the manger, breaking his left cheek bone. He came to town and was treated by Dr. McClelland. He is getting along as well as could be expected. It was but recently that Mr. Lindgren had a narrow escape from death by an infurated bull, which charged through a barbed-wire fence, catching him by the shirt and literally tearing that garment off, but

BLOODSHED IN CARSTRIKE RIOT

Louisville Mob of Several Hundred Attacks a Car Filled With a Load of Passengers.

STONES AND PISTOL SHOTS ARE FIRED

In a Battle With Police at Least Two Are Shot and Others Are Seriously Injured By Missiles Used By Rioters.

LOUISVILLE, Ky., Nov. 25.—The most serious riot thus far of the street car strike occurred tonight, and as a result two men are known to be shot, two policemen are injured by stones and clubs, and two more men and a woman are reported to be shot. A number of heads were cracked by the police. The condition of the battered cannot be ascertained, as the car on which they were traveling was hurried to the barns and the identity of the alleged victims kept secret by the company officials, who refused to give any information whatever. That the unknown persons were either shot or badly injured by stones is positively asserted by reputable persons who were passengers on the car and escaped injury.

The trouble occurred on the Fourth Avenue line near Kentucky street, a fashionable residence neighborhood, shortly before 7 o'clock this evening. A south-bound car loaded full was suddenly attacked by 600 or 700 strikers sympathizers.

A half-dozen stones, pistol-shots, and clubs was poured into the car. The conductor and policeman aboard returned the fire with what effect, however, is not known. The motorman hurried the car out-of-range, although himself and a man and a woman passenger are declared to have been struck by bullets.

Twenty policemen arrived on the scene a few minutes later in automobiles and surrounded about a hundred of the mob in an alley near by. The mob broke through the cordon, fighting fiercely, and although many heads were cracked, all got away except F. M. All, a discharged street car employee, who was shot through the abdomen, and four prisoners. Sergeant Weysham and Policeman Brown were severely injured by stones and clubs.

M. Ford, a boy passing on a bicycle, was shot in the foot. Of the identified was shot in the foot. Of the identified, all except All will recover.

His condition is critical.

EMERYVILLE TRACK RECORD IS BROKEN

SAN FRANCISCO, Nov. 25.—The Emeryville race track record for time was broken today by F. Newfurlong's mount, who covered the distance in 58 1/4 seconds, which is within a fifth of a second of the world's record, made by George F. Smith, in 1895.

A SPANISH WRECK COSTS SIXTEEN LIVES

BARCELONA, Spain, Nov. 25.—An express train from Valencia, with many passengers on board, fell from a bridge into the water below, at the outskirts of this city today. Sixteen persons were killed and twenty-two injured.

INCENDIARY SET FIRE IN VACANT PREMISES

Former Notorious Tulare Street Resort, Being Retitled as Lodging House.

Partly Burned.

A fire, apparently of incendiary origin, was discovered shortly after 12 o'clock last night in the unoccupied premises at 1402 Tulare street, which was extinguished by prompt work of the fire department before it had gained much headway.

The place was formerly run as the Golden West saloon, and is being retitled as a daytime lodging house. Last night some Japanese found a small blaze in one corner of the outer room, which was once run as a saloon. They blew police whistles, instead of turning in an alarm. The result was that the officers were some time in locating the whistles, and so were themselves handicapped in caring on an alarm.

The building is a light frame structure, which would have burned readily, but it not been discovered at once.

Against the wall where the fire was started, a pile of rubbish and more substantial timbers were built up, the fire having apparently been set to this.

Had the wood been less combustible, the building might have been completely burned before the fire could have been extinguished.

As it was, the blaze was put out after it had eaten away a part of a flimsy interior wall. Loss was very slight.

CONGREGATION TURNED TABLES ON EVANGELIST

Took Up All His Time In Giving Testimony and Sermon Was Not Preached.

So great was the interest in the revival at the Cumberland Presbyterian church last night, that the evangelist, Rev. J. M. Webb, did not get a chance to deliver the regular sermon for the evening. The meeting opened with giving testimony, and this continued during the time set for the sermon. Eleven joined the church last night, making a total of fifty-five conversions since the meetings began.

The trouble occurred on the Fourth Avenue line near Kentucky street, a fashionable residence neighborhood, shortly before 7 o'clock this evening. A south-bound car loaded full was suddenly attacked by 600 or 700 strikers sympathizers.

Both Rev. Duncan Wallace and Rev. Webb made short talks last evening before the big audience was dismissed.
